2023-2024 School Accountability Report Card
(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. - For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/. - For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/. - For additional information about the school, parents/guardians and community members should contact the school principal or the district office. A hard copy of the School Accountability Report Card is available at your School Office, upon request.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2024-25 School Description and Mission Statement

This year Rio Vista Elementary School has received the California PBIS Platinum Implementation Award. In 2014, Rio Vista Elementary School was recognized as a National Blue Ribbon School. As well, Rio Vista has been recognized as an AVID Elementary Certified Site and as an AVID Showcase School for the 2019-2020 school year. These three recognitions mark the significant efforts of students, teachers, staff, and parents over the last several years.

As we move forward we continue our commitment to maintaining a safe, nurturing environment of high expectations in which all students can learn and succeed. We seek to create a climate where students not only feel welcome but also are eager to

2024-25 School Description and Mission Statement

participate in their education. We strive to provide students with opportunities that allow them to gain knowledge and experience beneficial to their future success.

"In order to provide specific, targeted instruction to all students, we at Rio Vista Elementary School will not rest until the needs of our students are met through consistent collaboration, individual flexibility, and our complete trust in each other as a team."

Our uncompromising vision affirms that in working together, all students at Rio Vista Elementary School will develop positive self-worth and a passion for life-long learning.

We aim to build stronger partnerships with parents. We want to encourage and support them in taking leadership roles that support our students and community and desire their participation in their students' education. By working together we prepare our students for college and career readiness, building a strong foundation of academic skills and habits that contribute to life-long learning.

Rio Vista Elementary School's and District Vision and Mission Statement are the following:

Vision: Inspiring learners to thrive in an ever-changing world.

Mission: We create opportunities for growth and success.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The El Rancho Unified School District follows the State adoption guidelines and adoption cycles for textbooks in reading, math, social studies, science, and English language development (ELD) used in the elementary schools. Recommendation for adoption of textbooks is made through a District committee of teachers, administrators, and parents. Input from all school staff members and parents are vital to making the recommendation. The District Committee discusses the school's recommendations and votes for a textbook to be adopted. The recommendation is then taken to the school board, who makes the final decision on the adoption of all textbooks.

Textbooks are adopted from the most recent state-approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student is assigned one textbook and workbook in the core subjects for use in class and to take home.

School Facility Conditions and Planned Improvements

Rio Vista Elementary School was built in 1952. Rio Vista Elementary School is a safe, clean, and well-kept campus. Our campus is secured by fencing surrounding the campus. Field space is shared with the park for additional field space during the day. The school has 24 classrooms, a preschool, three playgrounds with two large fields, an indoor cafeteria with a stage, restroom facilities throughout the campus, a library, and a central office.

Each classroom has been modernized with drop ceilings, new lighting, new floors, air conditioning, and heating systems. Each classroom is Internet-accessible and equipped with a Chromebook Carts with Chromebooks, with large interactive LCD screens, document cameras, voice amplification systems, and projectors. Upgrades were made to wireless internet infrastructure adding access points in every classroom increasing bandwidth and device capacity. Our school library was updated in 2024 to modernized the layout and allow an increase of capacity for books. It is a great place for students to have the opportunity to select a book from more than 10,000 titles showcasing an array of different genres. The Innovation Lab continues to be a place to foster curiosity in Science and engineering by engaging students to create projects in an open space concept. In 2024, Rio Vista was selected by Amigos de los Rios to landscape the campus with a variety of trees and ground cover.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

We aim to involve parents in many ways beginning with school-wide events such as: Chalk-the-walk, Red carpet welcome on the first day of school, Back to School Night, Rio Vista Elementary School Harvest Festival, Halloween parade, Open House, Kindergarten Kick-Off, Coffee with the Principal, Lunch with Someone Special, Dinner & Dance event with someone special, Parent Workshops, PAWS Book Club, and Running Club race events.

Formal workshops are also provided through the Parent Education Bridge for Student Achievement Foundation program. Eight workshops will be provided on a variety of topics relating to empower parents. These activities are presented in partnership with our digital literacy coach, teachers, district personnel, and community partners.

Our Parent-Teacher Organization (PTO) is the foundation of our school volunteers. We are very thankful for these special parents and family members for volunteering countless hours to make our school a better place. PTO strives to enhance the learning experience by supporting students in many different ways including:

Parents who are not directly involved in our PTO are involved in other ways, such as:
- Classroom volunteers
- School Site Council (SSC)
- English Learner Advisory Committee (ELAC)
- Fundraising activities
- Family engagement nights
- School projects
- Homework

*School Site Parent Trainings

Our PTO meets at 3:00 p.m. on the first Tuesday of every month. All parents, family members, and teachers are welcome to join.

For more information on how to become involved at the school, please contact Principal, Shirley Lugo at (562) 801-7640. As

2024-25 School Safety Plan

Rio Vista Elementary School Comprehensive School Safety Plan (CSSP) is revised on an annual basis and reviewed with the school faculty and staff. It was last updated on September 2024. Upon request, parents can access the plan in the school office.

2024-25 School Safety Plan

The CSSP outlines the appropriate responses necessary to respond to a variety of unusual or emergency situations including: earthquake, fire, or unauthorized persons. Rio Vista Elementary School conducts regular earthquake, fire, and lockdown drills to prepare all students and staff for emergencies. To evaluate its effectiveness, a self-reflection and staff review accompanies each drill. The school maintains emergency supplies in a designated emergency bin. For the last eight years, Rio Vista Elementary School has also participated in the Great California Shakeout – a statewide earthquake preparedness activity and drill.

Through the El Rancho Student Services office, Rio Vista Elementary School has partnered with community agencies to provide support to students and families with medical and mental health programs. Rio Vista Elementary School also strives to maintain a positive school environment through the Positive Behavioral Interventions and Supports (PBIS) including: Character Counts, Good Behavior Game (GBG) The Inclusive Classroom lessons, and Second Step programs.

Rio Vista Elementary School is a closed campus. All visitors must enter and exit via the front school office and guests must sign-in prior to entering campus with Raptor. Photo identification must be provided and verified prior to picking up students. School staff members supervise the playgrounds and common areas throughout the school day. In addition, District police units are available to further ensure the safety of children before, during, and after school. It is our goal to make Rio Vista Elementary School a safe and conducive environment for learning.

Rio Vista Elementary School and the El Rancho Unified School District continue to work with outside partnerships to further enhance the overall safety of our campus and student community. Through these partnerships, students are provided access to community resources at the school site.

In the Fall of 2023, the El Rancho Unified School District and Rio Vista Elementary School enacted a new Student Success Team (SST) process and discipline referral process in order to better address academic, Social-emotional and behavioral concerns that impact the school climate.

Professional Development

The district provides professional learning opportunities to meet the needs of administrators, teachers, and support staff at all levels of the organization: Beginning Teachers Support and Assessment (BTSA); Peer Assistance Review (PAR) for veteran teachers; District and site administrators; Teachers and support staff; and Digital Learning Coaches.

Professional development is determined by in-depth data analysis and aligned to the instructional focus areas. English learners and special population training are offered on-site and at the district level as needed. In addition, teachers and support staff also have the opportunity to participate in professional workshops or conferences. Professional development is also planned and implemented in a variety of settings, which include grade level alike, site based, and district-wide. Our school has an early release start schedule, where they have an opportunity to collaborate. In addition, there are two student free days built into the district calendar for districtwide professional development. These days are critical in building teacher and staff capacity with current and relevant pedagogy, curriculum, and data review.

Traditionally, the analysis of data led to the identification of professional learning priorities. Whole group instruction, small group differentiated instruction, and designated English language development supported strengthening language arts instruction at the elementary level. Professional learning in mathematics focused on the Standards for Mathematics Practice, in conjunction with problem-solving and modeling. All schools participated in professional learning opportunities centered on data literacy. Professional development has traditionally been provided during modified day schedules, pupil-free days, release days, and conferences/workshops inside and outside the district. Professional learning is supported through in-class coaching, teacher-
